I am applying for membership in the Association of Experimental Rocketry of the Pacific (AERO-PAC). I understand that the purpose of AERO-PAC is to advance the science and safety of experimental rocketry. All AERO-PAC launches are conducted under the TRA research rules and current TRA membership is required to launch at an AERO-PAC launch. Individuals under the age of 18 may launch under the supervision of an adult TRA member. I also understand that the members acting collectively put on all club activities and that I am expected to contribute to that effort. I agree to abide by the regulations and safety code of Tripoli Rocketry Association and AERO-PAC. I understand that AERO-PAC may revoke my membership if I fail to do so or if I use rockets for other than these stated purposes.
